

AUTOMOTIVE COLLISION & REFINISHING PROGRAM

Central Okanagan
Public Schools
Together We Learn

This 36-week (1080 hour) program has been designed to take a student with little or no previous experience in the automotive collision repair trades and supply them with the necessary skills to seek employment in this industry as an apprentice. Courses in this program follow the Industry training authority's automotive Collision and Refinishing common core level 1 and will introduce students to the many aspects of the automotive collision repair trades with a focus on developing practical skills.

Career Opportunities

As an Collision Repair/Refinishing Prep Technician graduates find employment with major or privately owned autobody dealerships and service shops. They can also find work as auto glass technicians, insurance estimators and self-employment.. For more information on Collision Repair/Refinishing Prep Technician employment opportunities:
