

Health Sampler

This 120 hour course is a gateway to the dynamic world of healthcare professions. It will provide students with an opportunity to explore a variety of high demand health care careers, sample job tasks and identify educational requirements for entry into the profession. The learning experience is designed to help students choose a health career path that aligns with their passion and skills.

Enrollment requirements

Students must be in Grade 11 or 12

Common Curriculum throughout each unit

- Learn common terminology used in health care settings.
- Build therapeutic relationships within professional practice standards.
- Understand scope of practice and interprofessional health care teams.
- Develop cultural sensitivity and inclusive practices.
- Identify labour market needs, job opportunities in the local area and how to prepare and apply to college programs.

Course Concepts

Course outcomes will be met through examination and exploration of the following but not limited to;

- Health Office Administration - Medical Office Assistant and Nursing Unit Assistant
- Dental Health: Certified Dental Assistant
- Pharmacy: Pharmacy Technician
- Nursing: Health Care Assistant and Practical Nursing
- Social Work and Counselling: Human Service Work
- Allied Health: Therapist Assistant and Kinesiology
